## Advancing the Common Good

United Way is working to advance the common good by focusing on education, income, health and essential services.

These are the building blocks for a good life—a quality education that leads to a stable job, enough income to support a family through retirement, good health and basic needs.

Our goal is to create long lasting changes that prevent problems from happening in the first place.

Our vision for Delaware County is bold. We invite you to be a part of the change.

Together, united, we can inspire hope and create opportunities for a better tomorrow.
