## Campaign Goal Exceeded!

The 2010 campaign is nearly complete and Delaware County has much to celebrate. The goal of \$3.3 million has not only been met, but surpassed, with a total of \$3,386,733 raised. A few campaign accomplishments worth sharing:

- Seven companies ran first-time campaigns (welcome aboard!)
- Increase in online giving (easy and efficient!)
- 79 new Leadership Givers (pledging \$1,000 or more in a single year!)

"We are so grateful to have reached our goal with the help of many generous donors," says President Brandon Feller. "These funds will be invested in local community services. An undesignated donation to United Way of Delaware County allows our volunteers to focus dollars where they are most needed, which increases the impact of your gift."

---

## Campaign Kickoff Set

Have you ever met an Undercover Boss? We have! And so can you on **September 1** at the annual campaign kickoff breakfast. Stay tuned to the next eNewsletter (in June) for more details.

## Save the Date

### Community Care Day - September 13, 2011

The annual Community Care Day event will be *Tuesday, Sept. 13, 8:30 a.m. to 4 p.m.* Mark your calendar, gather your co-workers and join nearly 200 other Delaware County volunteers as we help non-profit agencies with much needed work around their offices and facilities. More details coming this summer.

## YPN Growing - Come Join the Fun

The Young Professionals Network - affectionately known as 'YPN' - met earlier this month with nearly 50 in attendance. This group is open to young professionals in their 20s, 30s, and 40s who want to network and help advance the mission of United Way. YPN continues to grow and evolve with more than 200 members. If you want to learn more about this exciting opportunity to socialize, network and give back to your community, reach out to [Adrienne Benson](#) at United Way of Delaware County.

Rochelle Twining, left, of Community Action Organization, was the partner agency spotlight at this month's YPN event. United Way funds this agency to provide funding for several free tax preparation sites throughout Delaware County to assist low-income individuals and families. Also pictured is Brian Glidden of Delaware County Bank, who volunteers as the co-chair of United Way's Community Impact Council.

## We're Moving!

After 26 years, we have outgrown our office. During a year-long search, the United Way of Delaware County Board of Directors worked to identify the most appropriate space at a low-cost. As a result, United Way of Delaware County is relocating its office to southern Delaware County on Polaris Parkway, the end of May. Same mission, same staff, same impact! However, the move will position United Way to continue increasing its fundraising capacity, allowing for even more individuals and families in need to be served. It will also enable better service with our partner agencies, volunteers, and donors. Watch for details on the upcoming Open House in the next eNewsletter.

A scene from 2010's Community Care Day - paint, stain, mulch, seed, file or shred - there's something for everyone!

## Special Needs Enrollment

If someone you know has special needs, please make sure you share with them the importance of enrolling in the Delaware County Special Needs Emergency Registry - it's free and could save their life!

The office of Delaware County Special Needs Preparedness Program has developed this registry for residents with special functional needs, disabilities, chronic conditions and other healthcare needs who may require assistance before, during or after an emergency. Information gathered in this database will assist first responders during an emergency.

To get registered for this life-saving program, go to [www.DelcoSpecialNeeds.com](http://www.DelcoSpecialNeeds.com) or call 740-938-2026.

## Huntington Bank Addressing Financial Literacy

### *Joins United Way's Focus on Financial Self-Sufficiency*

Huntington Bank is dedicated to improving the quality of life in the communities it serves. And thanks to a grant from Huntington, United Way will continue to address its financial self-sufficiency goals. This donation to United Way will be used on financial literacy education programs, empowering individuals to become financially self-sufficient.

Thank you to Huntington for recognizing a vital community need and partnering with United Way to improve lives and make a difference in Delaware County.
